

Domains

When can I renew my Domain Name?

You can renew your domain name at any time for a minimum period of 1 year to a maximum period of 10 years.

You do not need to have received a renewal notice from us to renew your domain name. The exception to this rule is for .uk and .au domain names which can only be renewed when the domain name is within six months of the expiry date for .uk and within 90 days of expiry for a .au domain.

You can renew your domain name by logging into our web site.
